Sept 25	25/261	1 st Ashingdon Scout Group grant application to start a bee colony.	Clerk	Clerk followed up asking, if the grant had been used and if councillors could visit the site and talk to the scouts. We're pleased to say that the wild grass planting has established well and is thriving. We also have the hives in place as planned. Unfortunately, we did suffer a setback with the bees. The local beekeeper who was caring for our colony lost all her bees over the past year, and as a result, we also lost the colony that had been placed in our hives. They are currently in talks with the bee keeper.
